DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 7/24/06 has been entered.

Election/Restrictions

2. Restriction to one of the following inventions is required under 35 U.S.C. 121:
- I. Claims 15, 17 and 18, drawn to a product, classified in class 312, subclass 140.3.
 - II. Claims 19 and 20, drawn to a process, classified in class 52, subclass 747.11.

The inventions are distinct, each from the other because of the following reasons:

3. Inventions II and I are related as process of making and product made. The inventions are distinct if either or both of the following can be shown: (1) that the process as claimed can be used to make another and materially different product or (2) that the product as claimed can be made by another and materially different process (MPEP § 806.05(f)). In the instant case the product can be made by a different process such as a process that does not require the placing of tile on the preformed substrate.

4. Because these inventions are independent or distinct for the reasons given above and have acquired a separate status in the art in view of their different classification, restriction for examination purposes as indicated is proper.

5. During a telephone conversation with Mr. Oremland on 8/1/06 a provisional election was made with traverse to prosecute the invention of Group II, claims 19 and 20. Affirmation of this election must be made by applicant in replying to this Office action. Claims 15, 17 and 18 are withdrawn from further consideration by the examiner, 37 CFR 1.142(b), as being drawn to a non-elected invention.

Allowable Subject Matter

6. Claims 19 and 20 are allowed.

7. The following is a statement of reasons for the indication of allowable subject matter: the prior art fails to teach or suggest a method of forming a tiled countertop comprising placing the claimed tile substrate directly on a base having vertical walls with an opening between the walls and thereafter placing tiles on the substrate in combination with all of the other limitations in claim 19.

8. This application is in condition for allowance except for the following formal matters:

The non-elected claims 15, 17 and 18 must be canceled.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

9. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
